Deferred Self-Pledges for Road Hockey Captains

Game day is here and you still need to reach the \$10,000 fundraising minimum? Complete a deferred self-pledge to secure your spot at the event and give your team a little bit of fundraising overtime.

How it works:

1. When checking in online, choose “Deferred Self-Pledge”.
2. Provide your credit card information to extend your fundraising deadline to secure your spot at the event.
3. Once your credit card information has been verified, your fundraising deadline will be extended until December 1, 2023.
4. If by December 1 your fundraising total equals or exceeds the \$10,000 minimum, your credit card will not be charged.
5. If by December 1 your fundraising total is still less than the required \$10,000 minimum, Road Hockey to Conquer Cancer will charge your credit card to cover the balance.

Here’s an example of how it works.

Let’s say your team raises \$8,000 but the minimum to play on September 30 is \$10,000. You (as a captain) can choose to make a deferred self-pledge. This will extend your team’s fundraising deadline to December 1 and allow you to play on game day.

Scenario A: By December 1 your team’s total has increased to \$10,000 (or more), your credit card will not be charged.

Scenario B: By December 1 your team’s total has increased to \$9,000. A remarkable number but just shy of the required minimum. Road Hockey will charge your credit card \$1,000 to cover the balance.

Note: The Road Hockey Team will contact you directly before the transaction is made and confirm tax receipt details.
